

The College Senate is one of the arms of the shared governance at Santa Fe College. The constituency of the Senate includes all full-time professional employees and faculty members. In recognition of their essential contribution to the college, adjunct faculty members are also represented in the Executive Council of the Senate. Santa Fe College provides some financial support to the Executive Council but all initiatives of the College Senate are self-funded. The existing "Friends of the College Senate" fund is lacking systematic contributions from faculty and staff. The Executive Council is inviting you to consider making a big difference with SMALL contribution. The funds will be used for the good of the College and all the constituency groups of the College Senate. The priorities of the Executive Council are: professional development, fostering professional excellence and promoting functional work environment. The "Friends of the Senate" account will be managed in a responsible and transparent manner. All expenditures will be approved by the Executive Council.
